June 15th-What's Up?

Editorial, D.C.J.

In 1969 Mattapoissett could have saved \$69,559.90 if it had wanted to live without a police force. A proposal to disband the force would receive some comment and discussion. So should a series of articles that will come up for action next Monday, June 15th, at Old Hammondtown School, starting, hopefully, at the published time of 8 P.M.

I am surprised, and imagine that almost everyone else is, to learn that our police ride around "showing the flag" and have authority to do little else. Reading the series of By-Laws that will be taken up at Monday's meeting is rather shocking. I had imagined that, for years, these very obvious transgressions were within the province of the police department. Things have changed. The Supreme Court of the United States has been so busy protecting the right of the individual thug that the rights of the law abiding individual citizen have been eroded beyond belief. Article 16 would give the police the right to remove a gang congregated on your front steps obstructing your passage into and out of your home. If an individual screamed

obscenities at you, Article 17 would allow the police to do something about it. A group of unwashed, nature boys and girls, should they desert Provincetown for Mat-tapoisett, apparently could camp on any beach and the police do not have authority to stop it. Article 18, should it become law, would allow the police department some recourse in this event.

We live here because we know what we have here. I don't have to describe to anyone the privilege it is to live life in an atmosphere and in the surroundings that we enjoy. We all owe it to ourselves and to our neighbors to make every effort to see that we retain the values and the essence of life that once was common all over the United States. It was so taken for granted that people let it slip away. We have seen some erosion take place here. No object of decoration is completely safe outside. FIRST RACE, JUNE SERIES, MYC

Taking advantage of a brief break in the clouds after being delayed by heavy rain, the first race in the June series at the Mattapoissett Yacht Club got off to a late start Saturday, June 6th, with competition in two classes.

Susan McGowan, at the helm of Gryphon, was the winner in the handicap class. Arthur Blackburn in Lorelei took the honors for the Corinthians.

Overcast skies, intermittent showers, and variable winds vacillating between north and northeast prevailed throughout the afternoon.

The three-boat handicap fleet sailed a 5.4 mile course from Mattapoissett Neck MYC guide buoy to Town Anchorage Red Nun 8, to Nye's Ledge Black Bell 9A, and finish at Ned's Point MYC guide buoy.

Gryphon, first to cross the starting line, was overtaken halfway to Town Anchorage Red Nun 8 by John Ruel's Tiara. However,

Both Tiara and Witch of Agnesi turned back to correct their error, but only the latter rounded the marker properly. Later John Ruel withdrew from the race. John Malcolm, continuing on the course, placed second, finishing 21 minutes behind Susan McGowan's Gryphon.

The Corinthians sailed a shorter course to Town Anchorage Red Nun 8, to Gallatin Rock Black Can 3, and finish at Ned's Point MYC guide buoy.

Arthur Blackburn, skippering Lorelei, led at the start. For a time, on the second leg of the course, George Fisher in Cloud Nine began to close the gap, but Lorelei

A Little Too Much?

Editorial, D.C.J.

Article 14 of the Special Town Meeting in Mattapoisett, is a proposal for tenure in the police department. I want to go on record against this proposition. I believe that everyone should be accountable at all times. I don't believe in tenure in the police department, in the school department or anywhere else. Most of the taxpayers in this town have to go out daily and prove ourselves. I fail to see why people on the payroll of the public should have privileges far beyond that which the people who employ them enjoy. I also fail to understand why a 20% pay hike, as voted at the Annual Town Meeting, was not generous for one year. The additional 15% now proposed in Article 1 of the coming Special Town Meeting is steep. Not many taxpayers can boast a boost in pay of an approximate 35% this year.

In all fairness, the police did not ask for the extra boost which was proposed from the Annual Town Meeting floor.

Letter to The Editor

This letter deals with three articles which will be dealt with at the special town meeting. These articles deal with offenses which might be termed "disorderly conduct". At the annual town meeting town counsel give his opinion that the articles (49, 50, 51) might be found unconstitutional.

It must be recognized that the misconduct (loud noise, sleeping on beaches, and sitting on walls) covered by these articles might well offend other people, however, these articles may take away a little of the rights of all of us. Will we be denied the right to enjoy the moonlight on the Bay from Ned's Point?

These articles, however well-intentioned, do delegate more power to our government than they should. Witness the parts which allow arrest without warrant. Whether we believe that our police force will enforce these articles impartially is not the question. Do we wish to give more power than is necessary to our law enforcement branch?

The wording of all three articles is too ambiguous throughout; calling for more judgment on the part of the police officers than should reasonably be demanded of them, and especially the modification added at a recent hearing which added the wording "arrest without warrant if the person is unknown to the officers" which may be discriminatory.

four hits to help his own cause in an 11 to 3 victory over the Wareham Reds.

Paul "Bucky" Reilly, first baseman of the Mattapoisett Wanderers, hit the first home run in the league to help his team defeat the Wareham Blues, as pitcher Mark Breton fired a shut-out, 14 to 0.

George Diefenbach, pitching for the Bourne team, had a frustrating evening as he threw a no-hitter at the Mohawks, but lost the contest 5 to 0. George's biggest trouble was his lack of control, which led to his downfall. His opponent, David Downing of the Mohawks, pitched a masterpiece, allowing only 3 hits and striking out 15 batters. Only 1 runner reached second on Dave.

Eddie Gendron, pitcher of the Bourne team, hit a triple in the last inning to knock in the winning runs, defeating the Wareham Blues 7 to 5.

"Skip" Bump, Wareham Reds pitcher, weathered a late inning rally by Marion to win his first game of the young season 7 to 5.

The Wanderers of Mattapoisett had a scare thrown at them by the Bourne Clippers, but were able to hang on and win 7 to 5. Mark Krieder was the winning pitcher in this one. Mark Breton at third base made the fielding play of the game for Mattapoisett, a going away catch in short left field.

Friday night saw two of the three scheduled games rained out. The only contest played found the Wareham Blues facing Marion at Washburn Park. The Blues won this one 5 to 0, as D. Monteiro, Wareham pitcher, was in complete charge as he pitched a 1

On Sunday, the Blues tackled the Mattapoissett Hawks. After 2 scoreless innings, the Mohawks erupted for 6 runs to put the game out of reach. The final score was Mohawks 7, Wareham Blues 1. Paul Empey pitched a steady two-hitter, and was at his best with runners on base. At bat, Paul helped his own cause with a double, and two singles, driving in 2 runs and scoring twice. Monti, the left fielder for the Blues, made a startling one hand catch to rob David MacLean of a base hit.

Contract for New Well

WATER COMMISSIONERS MEET

The Mattapoisett Board of Water Commissioners opened bids for water meters during an open meeting at their office on 33 Church Street last Monday evening. The proposal of Sumner and Dunbar, Inc. of Canton was accepted for furnishing Rockwell Cold Water Meters.

The Water Board then agreed upon a contract with the Engineering firm of Dufresne - Henry of Vermont and Massachusetts for

the Engineering service relative to the construction of a new gravel packed well, pumping station, etc. This agreement was reached after several weeks during which the Water Board interviewed prospective interested Engineering firms.

A proposed contract document for construction of the new well was reviewed and was agreed upon with minor changes and the Board ordered appropriate ads for bids for such work to be opened on June 17th. Work is expected to begin within 10 days of the actual date of acceptance of a bid for construction.

The progress on the renovation of Pumping Station No. 2 was discussed and satisfaction was indicated. The new pump, vacuum system and electrical system has been installed and could be used in an emergency at present.

Metering and recording system together with finish work and final tests should be completed within two weeks, when it will be badly needed to meet the summer demand for water.

A proposed plan for a new real estate development off Church Street was reviewed and necessary water service including that for fire protection was agreed upon.

Operations report for the month of May was reviewed and approved and several minor matters not specifically covered by policy were disposed of before adjourning.

Water Commissioners Roscoe Barstow, chairman; Ralph E. Wordell, member; and Winfield F. Jenney, board clerk; together

For the information of the taxpayer Motor Vehicle Excise Tax bills are made out by the Department of Corporation & Taxation in Boston, and sent down to the Assessors and then committed to the Tax Collector for collection. The system they have at the present time, if I may say so, is very poor. That is why some of you have received your 1969 Excise in 1970, and some of you have received the 1969 & 1970 bills within a few days of each other. Many have asked how they assess this Tax so I will tell you how they get the value and the assessment.

VALUE - The value for tax purposes is determined by the Commission of Corporations and Taxation and is based on percentages of the manufacturer's list price as follows: year preceding designated year of manufacture, 50%; year of Manufacture 90%; second year 60%; third year 40%; fourth year 25%; fifth year and thereafter 10%. Age condition and so-called market value are not considered. **ASSESSMENT** - Motor Vehicles and trailers are taxed by the Assessors of the municipality where they are customarily garaged and on information furnished by the applicant when applying for registration plates. Any correction of name, model, registration number, make, or year of manufacture must be made by the Registry of Motor Vehicles. All questions regarding your bill should be referred to your Board of Assessors.
